

How to bring a guest and or visitor to Star Ranch

Beginning August 16th 2020

Guest (hosted by members – limited to hosts site only)

1 – When you know that your bringing a guest call us at 512-273-2257 and let us know the name(s) of your guest(s), the date they will arrive as well as the date they will be leaving. There will be a limit of 2 guests or 1 couple or 1 family per site (Does not apply to Residents). A guest must remain on your site, with you present at all times, but you will be allowed 1 tour with your guests. If your guest wants to use the facilities, see “Visitors” section below.

2 –When your guest arrives at the gate, we will notify you or you should notify us if you let them in the gate. This time will be logged by the office. Guests will stay at the Welcome Center until their host comes to escort them to their site.

3 – When your guests leaves, you are to escort them to the gate and let them out. Also let the Welcome Center know they are leaving the premises. This time will be recorded by the office.

Afterhours guests- Should be arranged during normal business hours. You will need to open the gate with our own personal code or card for entry and exit. You will need to let the Welcome center know what time they came and what time they left. This will allow us to note the gate infraction.

Want to use the pool or other facilities with your guest? If you decide that you would like to take your guest to the pool or any other area of the ranch other than your site, you will need to bring them back to the Welcome Center for background checks during normal business hours and make payment for the use our facilities. We will issue a yellow bracelet at that time and they will be upgraded to a visitor if we have the space open.

Visitors (will be background checked, issued a yellow wristband and have use of facilities)

If a member plans to host a visitor, the member should call and make a reservation for the period of the visitors stay. This can be a day pass, which can be used even if they are staying the night at your site, a cabin or RV site (NO TENT SITES). The Welcome Center may need your visitor’s personal information in order to do the background check and make payment arrangements. Please inform your visitor to call the Welcome Center at 512-273-2257 with that information after you notify the welcome center that you are hosting them.

We have limited space for visitors so make your plans as early as possible.

Un-hosted visitors – Visitor(s) without a hosting member

These visitors will be able to make reservations for RV sites and Cabins only. No Day passes. They will call the Welcome Center directly and will need to go through background check before we will make a reservation for them. They will be charged for their visit 1 day prior to arrival.

The Moral or this entire story is to get your hosted visitors booked soon just to make sure they can use the facilities prior to arrival.
