PROCEDURES

1. A ranch supplied site Identification sign (white background – green alpha numeric designation) must be continuously and conspicuously displayed at every site. This sign is necessary to ensure prompt response from law enforcement and emergency personnel and shall not be removed for any purpose (including construction) without BoD or GM approval. A site holder may also display the address in other ways on the primary structure or as otherwise seems prudent to the site holder, but such display does not remove the requirement to display the official identification sign.
2. Non-political signs of a light humorous nature may be posted from time to time or long as they are not conspicuous from the roadways or other sites and don't call undue attention to themselves.
3. Signs or any other message of a political nature must be no larger than 3 feet x 3 feet, rigid and displayed no higher than 24 inches from the ground to the bottom of the sign. Only one such sign is allowed per candidate for political office or ballot initiative. The signs may be displayed no earlier than six months before the election and must be removed within 6 days after the

election or runoff they are relevant to. No political messages pertaining to an election may be displayed in the form of a flag, nor may any flag be flown that pertains to a divisive political issue (example, Confederate Battle flag, No Quarter flag, Nazi flag, Go Brandon flags, etc.)

4. The above shall not be construed to limit the flying of flags not pertaining to political candidate or currently heated political issue. Nor should it be construed to limit the display of a flag not already visible from a common space or other site.
5. Flags of a country, state, region, uniformed service, or showing support for law enforcement, first responders, POW/MIAs, and similar causes are approved within reason of site and number.
6. Noxious or offensive language as identified in the Noxious Behavior Policy shall not be written or illustrated on a sign that is posted.
